

DELLTechnologies

Powerful and scalable pro performance.

Dell Pro 5 14/16 Laptop

P514265 | P516265

Powered by AMD Ryzen™ AI PRO processors

Most powerful AMD-powered Dell Pro laptop¹

Accelerate workflows with up to next-gen AMD Ryzen™ AI PRO 400 Series processors for powerful multitasking and integrated up to Radeon™ 890M Graphics provide advanced graphics performance.

Cool, quiet performance

Dell Pro 5 is up to 35%² quieter than its predecessor under maximum load and provides up to 78%² better airflow and cooling.

Fast, replaceable memory

Experience fast memory speeds and enjoy future-proofing with upgradeable DDR5 memory up to 64GB.

Thinner than ever

Up to 18% thinner than competing laptops in its class⁴, the Dell Pro 5 looks good from every angle. A simplified, refined hinge complements the streamlined look.

Long battery life to say ahead

Dell Pro 5 is optimized for long battery life with new, higher-density batteries, 70Wh battery options, mini-LED backlit keyboards, and optional variable refresh rate displays that automatically conserve energy.

Great videoconferencing

Look sharp on calls with an optional 8MP camera with temporal noise reduction (TNR). Sound great with dual noise cancelling microphones and dual 2W speakers.

Copilot+ AI features

Stay secure with on-device AI capability with NPUs with up to 55TOPS.

Secure authentication

Support your organization's preferred authentication with optional Smart Card Reader (SCR), NFC and Fingerprint Reader (FPR).

Choose the display that works for you

Select between multiple screen options including up to an WUXGA OLED screen, a bright WQXGA screen and an all-new privacy screen to keep your content secure (14" only).

Simplify IT

Dell offers the world's most secure and manageable commercial PCs⁵, along with modern lifecycle services and solutions to make IT management a breeze.

Sustainably certified

ENERGY STAR, EPEAT Gold with Climate+ and TCO Certified means Dell Pro 5 meets the best-in-class standards for energy use and repair.

Simplified BIOS versions

Keep your IT management simple with a single BIOS version for your Dell Pro AMD fleet.

Wide-ranging connectivity choices

Stay connected on the go with optional 4G and 5G WWAN configurations. Up to Wi-Fi 7 options ensure you get the connection speed you need.

Smarter performance starts with AI PCs designed for your workforce

Why AI PCs matter

AI helps your workforce work smarter and more efficiently *when the PC is built for it.*

1 **Boost productivity** with on-device AI for everyday tasks like meeting summaries and content creation.

2 **Empower IT** with devices that are easier to standardize, deploy, and manage.

3 **Maximize value** with devices that balance performance, security, and cost that is designed for your workforce

Our scalable portfolio of Dell AI PCs

fuses CPU, GPU and NPU power to deliver ultra-responsive performance—whether you're in a video call, creating content, juggling multiple tasks or handling sensitive workflows.

One strategic partner for the entire modern workplace

Comprehensive, innovative portfolio

We offer the most scalable, mainstream business laptops*, are #1 in monitors for 11 years², and remain the #1 workstation globally³.

Industry's most secure and manageable commercial PCs⁴

We deliver state-of-the-art supply chain controls along with Dell-exclusive firmware verification.

Unmatched global services

We deliver 95% customer satisfaction⁵, save an average of \$873 per PC⁶, and reduce downtime by 75%⁷.

¹ Most scalable mainstream business laptops Disclaimer: Based on Dell analysis of publicly available information, November 2024.

² World's leading monitor company for 11 years CLM-013631**Source: IDC Worldwide Quarterly PC Monitor Tracker, Q2 2025. From 2014 to 2024. Claim Expires on 2/28/2026.

³ #1 workstation brand globally CLM-000058 *Source: IDC Quarterly Workstation Tracker, CY24 Q3 (based on units), Claim expires 4/21/2026

⁴ World's most secure and most manageable commercial PCs: Disclaimer: Based on Dell internal analysis, October 2025 (Intel) and March 2025 (AMD). Applicable to PCs on Intel and AMD processors. Not all features available with all PCs. Additional purchase required for some features. Intel-based PCs validated by Principled Technologies, July 2025. CLM-013650, Claim expires: 03/05/2026

⁵ 95% customer satisfaction for Dell Configuration Services With Dell ProDeploy Suite for PC. Based on Internal analysis, Customer Satisfaction number updated Q32025- Q22026 (may-July) 95.5% in those 4 quarters

⁶ IDC Business Value Solution Brief, "Dell Lifecycle Hub," commissioned by Dell Technologies, January 2024.

⁷ Based on a Forrester Total Economic Impact™ Study commissioned by Dell Technologies and Verizon "The Total Economic Impact™ Of Dell AI PCs With 5G And Dell APEX PC as a Service" May 2025. Actual results will vary.

Designed with circularity in mind

Material Innovation

Designed with up to 30% recycled plastic in the inner frame of the top cover, palm rest, and bottom cover, up to 50% bio-based plastic in the rubber feet, 28% recycled ocean-bound plastic in the fan housing, 50% recycled aluminum in the top cover and palm rest, up to 90% recycled steel in the touchpad brackets, 20% recycled glass in the display, and has a battery made with up to 100% recycled cobalt.⁶

It ships with an adapter designed with 95% recycled plastic in the case, 98% recycled aluminum in the thermal shield and 50% recycled copper in the cable.⁷

Packaging with purpose

This device ships in packaging made from 100% recycled or renewable materials, with multipack options for easier unboxing and reduced transportation and packaging waste.⁸

Excellence in environmental standards

This product is certified ENERGY STAR, registered EPEAT Gold with Climate+ and carries the TCO Certified designation, meaning it meets the best-in-class standards for energy use and repair.⁹

Modular and serviceable design

Designed for streamlined serviceability, the Dell Pro 5 features modular components like a USB-C port, mainboard, and customer-replaceable batteries. These innovations simplify repairs, reduce unnecessary touchpoints, and help minimize e-waste.

MANAGEABILITY

Best-in-class PCs and peripherals management – only from Dell.

With Dell Management Portal, you can manage Dell PCs, over the cloud, in conjunction with Microsoft Intune. [Dell Management Portal](#) >

And with Dell Device Management Console, you can save time with centralized and secure peripherals management.

[Dell Device Management Console](#) >

Update and secure your fleet of Dell devices, with one application – Dell Client Device Manager.

Dell Trusted Update Experience makes it simple to update endpoints with the latest BIOS and driver versions. Dell is the first Top 5 PC vendor to:

Publish¹⁰ a device drivers and downloads release schedule:

IT Admins can deploy fleet-wide device updates on a predictable timeline.

[Learn More](#) >

Dell has the industry's first:¹¹

Partner Portal accessible in Microsoft Intune, with fleet-wide BIOS password access capability and Enterprise application access and publication capabilities

Binary Large Object (BLOB) package-based solution, for endpoint BIOS settings configuration, using Microsoft Intune

Simplify PC refresh with Dell Services

Transform workplace technology into a competitive advantage with solutions that empower IT, boost workforce productivity, and provide the agility to scale confidently. With proven expertise, AI-powered automation, and flexible financial models, we deliver measurable outcomes—freeing IT for innovation and helping organizations thrive through any challenge.

Subscribe to PCs and services¹²

Fully customizable monthly subscription that can include PCs, peripherals, software and services with no upfront investment.

APEX PC as a Service makes it easy to refresh to the latest PCs and seamlessly deploy, secure, manage, support and help with the retirement of devices.

[Subscribe to PCs and services >](#)

Deploy PCs with ease

PC refresh starts with getting new devices in the hands of your end-users. DellProDeploy Suite for PCs streamlines operations and increases productivity with configured PCs that are ready to use on day one with dynamic cloud-based provisioning and imaging.

When transitioning from old to new technology, ProDeploy Plus includes the ability to securely erase sensitive end-user data with sophisticated tools to sanitize devices and includes Asset Recovery Services for responsible retirement.

[Deploy PCs with ease >](#)

Securely retire your devices

Let Dell help you securely and responsibly retire your old IT equipment — regardless of brand — to allow for a seamless transition from old to new technology, while protecting both your business and the planet.

[Securely retire your devices >](#)

Simplify fleet management

The Dell Lifecycle Hub Suite (LCH) eases complexity in managing an organization's entire device fleet. It combines warehousing and inventory management with configuration services, repairs, returns and asset recovery into one solution that delivers a ready-to-work experience for end users with devices preconfigured to user personas. This frees up IT resources to focus on business priorities and maximizes end-user device utilization over the full PC lifecycle.

[Watch Video >](#)

Maximize uptime with intelligent, automated support

Dell ProSupport Suite for PCs is more than a 24/7 break-fix solution, it's a comprehensive set of tools that automate and optimize your environment with little to no human intervention or end-user disruption. IT teams can leverage telemetry-driven insights to make targeted updates, all controlled from a single dashboard. And with ProSupport Plus, you gain access to a robust library of Dell-authored scripts that automate tasks and resolve fleetwide issues at scale, minimizing downtime and maintaining peak system performance.

[Maximize uptime with intelligent, automated support >](#)

Reliability you can trust

We engineer our devices with pro-grade durability that goes above and beyond MIL-STD testing and focuses on building products for real conditions, so your devices stay online and your teams stay productive.

Accidental Drops

Built to stay functional after real-life drops—an 18-inch free-fall* and 1,000 micro-drops*.

Durable hinges

Hinges are cycle-tested 30,000 times* so the screen opens and closes perfectly, day after day.

Yanks and pulls

Modular USB-C ports are stress-tested with 9 kg of force over 400 cycles* to withstand heavy pulls and everyday impacts with unmatched durability.

Spill-resistant

Spill-tested to handle up to 3.4 fl. Oz* so you're covered for everyday "oops" moments.

Heat and humidity

Designed to withstand high humidity and short-term heat up to 65°C (149°F)*, ensuring durability in a hot car or on a factory floor.

Weighted loads

Built to handle point pressure—tested with 20 kg. of high-force weighted shock* to withstand a hard object pressing into the lid in your bag.

At the end of the contract, the customer may renew the contract or return the equipment to DFS.

Product Disclaimers:

1. Offering may vary by country, hardware configuration, and/or operating system.
2. Feature only available on Aluminum (Top Cover, Palmrest, Bottom Cover)
3. Feature only available on Aluminum (Top Cover), Glass Fiber Composite (Palm rest, Bottom Cover). Glass Fiber Composite is a made of polycarbonate (thermoplastic) with Glass Fiber reinforcement.
4. Copilot+ PC comes with a high-performance NPU (40+ TOPS) designed to run advanced AI experiences locally and more efficiently.
5. High-Efficiency Video Coding (HEVC) content playback on the system and on an external display as well as HEVC content streaming is supported on configurations with a discrete graphics card, built in 4K panel, Dolby Vision or CyberLink Blue-ray player; for other configurations HEVC content playback on the system will require a separate purchase and download of software HEVC codec or third-party media players.
6. GB means 1 billion bytes and TB equals 1 trillion bytes; actual capacity varies with preloaded material and operating environment and will be less than stated.
7. Wi-Fi 7 requires the latest Wi-Fi Alliance certification, certified device driver, hardware update, supported OS version and compatible router. Router requires a separate purchase. Wi-Fi connectivity is only available in select locations. Check availability with your service provider. The Bluetooth wireless card version may vary depending on the operating system that is installed on your computer.
8. Mobile Broadband antenna and module available only at time of system purchase. Mobile Broadband subject to service provider's broadband subscription and coverage area; additional charges apply. eSim technology subject to regional carrier/service provider availability & service provider's data plan subscription; additional charges apply. Check availability with your service provider.
9. The stated Watt Hour (Wh) is not an indication of battery life. Express Charge 1.0 (EC1.0) enables quick battery charging to 80% capacity in 60 minutes or 100% capacity in 120 minutes. Express Charge Boost (ECB) enables quick battery charging to 35% capacity in 20 minutes. Charging patterns for EC1.0 and ECB are measured for the system in a shutdown state. Long life cycle battery options have a charging pattern that enables longer life. Long-life cycle battery options are capable of 3 years life or 1000 discharge/charge cycles, and Dell provides a 3-year limited hardware warranty for these battery options.
10. Limited Hardware Warranty: For copy of Limited Hardware Warranty, write Dell USA LP, Attn: Warranties, One Dell Way, Round Rock, TX 78682 or see www.dell.com/warranty.
11. 45 Wh battery requires at least a 65W power adapter for Express Charge and Express Charge Boost.
57 Wh battery requires at least a 65W power adapter for Express Charge and 100 W adapter for Express Charge Boost.
70 Wh battery requires at least a 100W power adapter for Express Charge and Express Charge Boost.
12. Quantum-resistant BIOS verification protects PCs against current and emerging cryptographic threats.
13. Chassis Intrusion Switch remotely detects hardware tampering and is integrated with Dell SafeBIOS Indicators of Attack.
14. Height may vary depending on configuration. Height (max) represents the maximum system thickness excluding the system rubber feet. Weights vary depending on configuration and manufacturing variability.
15. Power Adapter and Cable can be opted out in EMEA and APJ regions.

MANAGEABILITY	Out-of-band (OOB) remote management for AMD-powered PRO systems AMD DASH (Desktop and mobile Architecture for System Hardware) AIM-T (AMD Integrated Management Technology)
SECURITY ^{12,13}	Standard Security Features: TPM 2.0 FIPS-140-3 Certified / TCG Certified Quantum-resistant BIOS Chassis intrusion switch Camera Shutter Security Lock Slot Optional Security Features: Fingerprint Reader (in Power Button) (Windows Hello compliant) with ControlVault 3+ Smart Card with ControlVault 3+ Smart Card and NFC/CSC with ControlVault 3+ Smart Card and NFC/CSC and FIPS FPR + CV3+ FHD IR Camera (Windows Hello compliant)
DIMENSIONS AND WEIGHTS ¹⁴	Width: 14.11 inches / 358.6 mm Depth: 9.98 inches / 253.4 mm Height (front) starting from: 0.43 inches / 10.88 mm Height (rear) starting from: 0.59 inches / 15.16 mm Height (max) starting from: 0.74 inches / 18.95 mm Weight: starting from 4.02 lb (1.82 kg)
WHAT'S IN THE BOX ¹⁵	Dell Pro 5 16 Laptop Power Adapter Power Cable Quick Start Guide

Legal Disclaimers:

1. Based on internal analysis, February 2026. Compared to previous generation product.
2. Based on internal analysis, February 2026. Compared to previous generation product. Varies depending on chassis selection.
3. Based on internal analysis, February 2026. Compared to previous generation product. Varies depending on chassis selection.
4. Based on internal analysis, February 2026. Data is based on comparison between Dell Pro 5 14 (Aluminum top cover, Plastic bottom cover and palm-rest) and equivalent Lenovo ThinkPad L14 Gen 6, Lenovo ThinkPad T14 Gen 6 and HP EliteBook 6 G1 14.
5. Most secure is based on Dell internal analysis, October 2025 (Intel) and March 2025 (AMD). Applicable to PCs on Intel and AMD processors. Not all features available with all PCs. Additional purchase required for some features. Intel-based PCs validated by Principled Technologies, July 2025. Most manageable is based on Dell internal analysis, January 2026. Most-manageable commercial PCs when comparing the systems management capabilities of Dell Update Processes, Dell Manageability Solutions capabilities and integrations with 3rd Party Management Solutions, with competitor update processes, systems management solution capabilities and integrations with 3rd party management solutions. 3rd Party Management Solution - Microsoft Intune, is a separate purchase.
6. Based on internal analysis, February 2026. Data is based on comparison with HP EliteBook 6 G1 and Lenovo ThinkPad T14 Gen 6/T16 Gen 4/L13 Gen 6/L13 2n1 Gen 6/L14 Gen 6/L16 Gen 4.
7. Based on internal analysis, February 2026. Up to 30% recycled plastic in the inner frame of the top cover, palm rest, and bottom cover, up to 50% bio-based plastic in the rubber feet, 28% recycled ocean-bound plastic in the fan housing, 50% recycled aluminum in the top cover, up to 90% recycled steel in the touchpad brackets, and palm rest, 20% recycled glass in the display, and has a battery made with up to 100% recycled cobalt. Based on chosen configuration of the 45 Whr or 57 Whr battery.
8. Based on internal analysis, February 2026. 95% post-consumer recycled plastic in the case, 98% recycled aluminum in the thermal shield, 50% recycled copper in the cable. Based on chosen configuration of the 105W Type-C Adapter.
9. Based on internal analysis, February 2026. Contains up to 92.9% recycled content and up to 7.1% renewable materials. Renewable materials in the form of sustainably forested materials. Percentages may vary slightly by region[and formfactor]. Excludes optional items added to order and included.
10. Based on internal analysis, March 2026. Applies to PCs launched in 2025: Dell Pro, Dell Pro Plus, and Dell Pro Premium, and PCs launched in 2026: Dell Pro 3, Dell Pro 5 and Dell Pro 7. Read warranty information for port replacement instructions.
11. Most secure is based on Dell internal analysis, October 2025 (Intel) and March 2025 (AMD). Applicable to PCs on Intel and AMD processors. Not all features available with all PCs. Additional purchase required for some features. Intel-based PCs validated by Principled Technologies, July 2025. Most manageable is based on Dell internal analysis, January 2026. Most-manageable commercial PCs when comparing the systems management capabilities of Dell Update Processes, Dell Manageability Solutions capabilities and integrations with 3rd Party Management Solutions, with competitor update processes, systems management solution capabilities and integrations with 3rd party management solutions. 3rd Party Management Solution - Microsoft Intune, is a separate purchase.
12. Payment solutions provided and serviced by Dell Financial Services L.L.C. or its affiliate or designee ("DFS") for qualified customers. Offers may not be available or may vary in certain countries. Where available offers may be changed without notice and are subject to product availability, applicable law, credit approval, documentation provided by and acceptable to DFS and may be subject to minimum transaction size. Offers not available for personal, family or household use. Dell Technologies and the Dell Technologies logo are trademarks of Dell Inc. Restrictions and additional requirements may apply to transactions with governmental or public entities. At the end of the contract, the customer may renew the contract or return the equipment to DFS.

Product Disclaimers:

1. Offering may vary by country, hardware configuration, and/or operating system.
2. Feature only available on Aluminum (Top Cover, Palmrest, Bottom Cover)
3. Feature only available on Aluminum (Top Cover), Glass Fiber Composite (Palm rest, Bottom Cover). Glass Fiber Composite is a made of polycarbonate (thermoplastic) with Glass Fiber reinforcement.
4. Copilot+ PC comes with a high-performance NPU (40+ TOPS) designed to run advanced AI experiences locally and more efficiently.
5. High-Efficiency Video Coding (HEVC) content playback on the system and on an external display as well as HEVC content streaming is supported on configurations with a discrete graphics card, built in 4K panel, Dolby Vision or CyberLink Blue-ray player; for other configurations HEVC content playback on the system will require a separate purchase and download of software HEVC codec or third-party media players.
6. GB means 1 billion bytes and TB equals 1 trillion bytes; actual capacity varies with preloaded material and operating environment and will be less than stated.
7. Wi-Fi 7 requires the latest Wi-Fi Alliance certification, certified device driver, hardware update, supported OS version and compatible router. Router requires a separate purchase. Wi-Fi connectivity is only available in select locations. Check availability with your service provider. The Bluetooth wireless card version may vary depending on the operating system that is installed on your computer.
8. Mobile Broadband antenna and module available only at time of system purchase. Mobile Broadband subject to service provider's broadband subscription and coverage area; additional charges apply. eSIM technology subject to regional carrier/service provider availability & service provider's data plan subscription; additional charges apply. Check availability with your service provider.
9. The stated Watt Hour (Wh) is not an indication of battery life. Express Charge 1.0 (EC1.0) enables quick battery charging to 80% capacity in 60 minutes or 100% capacity in 120 minutes. Express Charge Boost (ECB) enables quick battery charging to 35% capacity in 20 minutes. Charging patterns for EC1.0 and ECB are measured for the system in a shutdown state. Long life cycle battery options have a charging pattern that enables longer life. Long-life cycle battery options are capable of 3 years life or 1000 discharge/charge cycles, and Dell provides a 3-year limited hardware warranty for these battery options.
10. Limited Hardware Warranty: For copy of Limited Hardware Warranty, write Dell USA LP, Attn: Warranties, One Dell Way, Round Rock, TX 78682 or see www.dell.com/warranty.
11. 45 Wh battery requires at least a 65W power adapter for Express Charge and Express Charge Boost.
57 Wh battery requires at least a 65W power adapter for Express Charge and 100 W adapter for Express Charge Boost.
70 Wh battery requires at least a 100W power adapter for Express Charge and Express Charge Boost.
12. Quantum-resistant BIOS verification protects PCs against current and emerging cryptographic threats.
13. Chassis Intrusion Switch remotely detects hardware tampering and is integrated with Dell SafeBIOS Indicators of Attack.
14. Height may vary depending on configuration. Height (max) represents the maximum system thickness excluding the system rubber feet. Weights vary depending on configuration and manufacturing variability.
15. Power Adapter and Cable can be opted out in EMEA and APJ regions.
